

## Fixed Audience Seating: Overview

### Staying Power: Fixed Seats and Fixed Audience Seating at Hussey Seating Company

Hussey Seating specializes in fixed seats and fixed audience seating that comfortably supports your audience and enhances your space. In stadiums, theaters, lecture halls, auditoriums, performing arts centers and places of worship, fixed seating doesn't just fix your audience's attention on the stage—fixed seating is a key part of the stage. Make inspired design, premium materials, durable construction, rigorous quality control and superior acoustics part of the show when you choose Hussey fixed seating.

### Hussey Seating Stadium Collections: Designed to Perform

While the game keeps your audience at the edge of their seats, Hussey keeps your fixed audience seating at the cutting edge. Our stadium chairs are the most reliable, durable and comfortable fixed seats on the market, and every one of our seats is backed by the industry's best warranty. Each of our fixed seats meets our rigorous standards for audience safety, rugged durability and easy maintenance.

Our Fusion and Legend Sports and Entertainment Chairs are unrivaled champions in their fields. These fixed seats play hard—standing up to fired up fans, harsh weather and messy concessions. We subject our sports and entertainment seating solutions to independent ultraviolet tests, and at every step in our manufacturing process, we check the integrity of our ergonomic blow-molded polyethylene seats and their cast-iron or aluminum standards.

Whether you choose the Fusion Sports and Entertainment Chair's ergonomic contemporary lines or the classic ballpark styling of the Legend Seat, you can finish them both in our standard palette or your own team colors. Learn more about customizing your fixed audience seating with integral logos or padded seats, accommodating members of your audience with disabilities by meeting ADA accessibility standards for seating, and explore our custom mounting options with your local Hussey Seating expert.
