

Contractor Grade
Polyurethane Gun Foam single component foam system

Excellent FLOW RATE allows Contents to be FULLY DISCHARGED • Extremely High Yield

PURFECTSEAL

Professional moisture-curing polyurethane foam that seals, insulates, sound-deadens and bonds many common building materials together.

Purfect Seal is a single component, moisture curing, low expansion gun foam which has good cold weather gunnability. It is specifically formulated to be 'O-Zone' friendly and is extremely economical.

- All weather performance (down to -5°C)
 - Low expansion will not bow windows
 - Good adhesive properties
- Economically dispensed with gun applicator
- Manufactured under ISO 9001 Standards
 - Meets European B-2 Fire Class
 - UL Class 1
 - Extremely high yield per can
 - 750ml / 29oz. can (12 per case)

Recommended for:

Heating • Air Conditioning • Refrigeration • Plumbing • Electrical • Drywall

- General construction applications and for filling gaps in new and retrofit construction such as around doors, windows and wall corners which are difficult to Draft Stop and Insulate

PUR GUN FOAM CLEANER CLEAN XL

Pur Clean XL is a cleaning solvent used to dissolve uncured or fresh polyurethane foam sealant. Uniquely designed for use with professional gun foam systems as well as for general cleaning purposes.
